

I am

Policy  
Maker

I'm trying to

I want to identify high risk  
groups and allocate resources  
to address the burden of  
cancer in different population

But

It takes  
long time

Because

It needs time to  
customise the data  
which takes time

Which makes me feel

Frustrated

I am

General  
User

I'm trying to

Know about scope  
and impact of cancer  
in my location

But

It takes  
long time

Because

It needs time to  
customise the data  
which takes time

Which makes me feel

Frustrated
